Sporting Schools- Cycling
The Federal Sports’ Commission who provides the funding for the ‘Sporting Schools’ program require schools to deliver sporting programs in conjunction with peak sporting bodies.

The cycling program that has been develop by the Australian Cycling Federation is called ‘Let’s Ride’ and is only available to students 8yrs or older.

All children who wish to participate must register online at www.letsride.com.au

The program will commence next Monday 22nd February and will be delivered by Paul Nixon.

Kidsmatter
Ms Crozier and I participated in a Kidsmatter webinar on Wednesday which outlined the elements and scope of the Kidsmatter Framework.

The next step is to develop an implementation action plan. Ms Crozier, Isabelle Strachan and I will participate in a workshop on Wed 16th March to develop an action plan. The following day, Ms Crozier will be involved in another workshop for the delivery of the first element of the program.

Upper Division Major Excursion
I am happy to announce the Dave smith (Abigail and Peter’s father) will be our bus driver for the major excursion. We greatly appreciate his support.

Only 15 weeks to the major, those people who wish to pay in instalments should commence as soon as possible. Final price has not been established but we anticipate that it will be between $280 and $320.

I should be able to present an exact figure in next week’s Monday Messenger.

Stephanie Alexander
Kitchen Garden (SAKG) Fees
Could all parents pay their SAKG fees as soon as possible ($20 per child).

Student Financial statement attached.

Personalised Learning Plans (PLPs)
On Friday, I commenced developing with Upper Division students. Hopefully, I will be able to interview all students by the end of next week.

Ms Crozier will commence interviewing Stage 1 students next Friday.
It is an enjoyable process and a rare opportunity for us to sit down and talk one on one with your children.
Canteen

Just a reminder that all lunch orders must be written on lunch bags and handed into the office before commencement of school. No lunch orders will taken over the counter.

P & C

The first P & C meeting for 2016 will be held on this Wednesday 17th February at 6:30pm in the Library. The P & C plays a vital role in the life of the school both in raising vital funds for the school, as well as, providing an opportunity for two way dialogue between the school and parents. Please take the opportunity to participate in this important school organization.

Student Update Details

Just over 2 weeks ago all students were given an envelope containing students contact and emergency contact details. It is vital that this form is checked and returned to school. If wrong phone numbers or old phone numbers are entered it will be impossible for the office to contact you in case of emergency. If you have misplaced this form please contact the office to request another to go home.
